RE: President's Message to the Membership

Season's Greetings to members and friends of the Vintage Automobile Museum!

I think we're all ready to close the door on 2020. Hopefully we can look forward eventually to a more "normal" life in 2021.

The January election of new Officers and Trustees has to be postponed indefinitely until it is safe for all of us to meet in a large group, in accordance with state guidelines. In the interim, the current positions will remain in force until the new election.

There were many positive achievements this year. The creation of the Museum website which reports the number of monthly views, helped to increase Museum visibility and visitor attendance. There were a number of unique and expensive vehicle donations. The Mustang raffle car sales are a huge part of the Museum's means of support. In spite of many canceled events, we were successful in covering the car's original cost and expenses. The rental car spaces at the Whiting warehouses contributed greatly to the Museum's finances. We were also fortunate to receive some grant money.

I want to thank the volunteers, who throughout the year, sacrificed their time and efforts at events, and for the Museum's upkeep. The mechanical skills donated in support of vehicle repairs and renovations were essential to the operation and purpose of our Museum.

I ask all of you to explore and notify me of any opportunities which would help promote and support next year's Mustang raffle car sales. I look forward to your input.

I want to wish everyone Happy Holidays, and a safe and blessed New Year.

Carol Chojnacki, President
